How many class days would you like to commit to (this does not mean you are guaranteed this many)

**Please choose one:**      1      2      3      4

**Please use the space below to list all classes, in preferential order that you can commit to through January 8.** If you do not consistently attend the class, or notify us regularly you will be missing, we will give your spot to somebody else. **Please do not list choices that do not work for you or that you are not interested in;** we can't guarantee that we can replace the options you receive. You can't attend more than one class per day. We will do our best to place you into 3-4 classes but this is not guaranteed and is being done via lottery. After this session, we will do another registration lottery so that there is a fair process in class placement.
